## **Live Video Streaming Made Easy with 1AVStreamer!**

**Sao Paulo, SP** PCWinSoft Systems Ltd has released 1AVStreamer, a powerful Windows application that makes live video streaming accessible for any Windows user.

With the click of a button you will be broadcasting your webcam or desktop with audio in high resolution over the web in a customized webpage inside your own website. It is all automatic and very easy to setup. TV tuners and DV cameras are supported. You can start streaming when Windows starts, you can time-stamp the transmission and you can even hide the program so that other users will not know it is running.

1AVStreamer comes with other important features like the ability to completely hide itself even from Windows task manager so that even advanced users will not be able to know the program is running. This important feature will allow you to spy on your room, office, or on your desktop, over the web and without ever being noticed.

1AVStreamer also allows you to send files and links by e-mail and upload files via FTP. The ultimate edition of the program even comes with a file sharing module that allows users to share photos, videos, music, and documents with full 128-bit encryption security.

1AVStreamer is perfect for training sessions and seminars because the content can be broadcasted to all PCs in the room and at the same time recorded for posterior web publishing. The program is also fit for your home entertainment system because you can broadcast video from one point to the entire house. 1AVStreamer is also perfect If you what you need is to publish live video from your stablishment directly to your website.

When it comes to streaming video right from your PC over the Internet reliably and in high resolution 1AVStreamer is definitely the product you are looking for. Do not waste any more time and get your copy of 1AVStreamer right now.

1AVStreamer runs under Windows 98/Me/NT4/2000/XP/2003/Media Center/Vista, and may be purchased securely online from <http://www.pcwinsoft.com/>. You can download a free trial version from the same web address. For more information, contact PCWinSoft Systems Ltd, R Fonseca da Costa 59, Jardim da Saude, Sao Paulo, 04151060 Brazil.
